

Date: 04-MAY-2021

Dear Team of Indians for Collective Action,

We simply could not have done this without you.

Thank you for your support to MUKTI's endeavour to assist the covid affected families and extend the critical helping hand when they are in dire need of this hour. With your generous contribution we have placed an order of 6 oxygen concentrators of 5lt capacity. We have also prepared a medical kit consisting of preliminary stages of covid medicine that can help patients to cure at the early stage.

We are also distributing oximeters and mask, sanitizers to the families so that they can prevent the further outspread at their level.

On behalf of all of us at MUKTI, I thank you whole heartedly for your generous contributions for us to facilitate and enable this support. Your kind and timely intervention have bestowed more as a blessing and is causing substantial relief to the affected patients at the preliminary stage only.

Thank you once again for your generous contribution during these trying times and I look forward to collaborating with your esteemed organization further to help and serve the needy.

Looking forward to saving lives together.

Regards,

MUKTI
